

WIS 172 Ramps

Schedule:

Fall 2013 through 2016

Location:

Brown County

About the I-41 Project:

Construction work on the I-41 Project will span over 14 miles in Brown County from 2010-2017, and 17 miles of highway in Winnebago County from 2009-2014.

The project includes:

- traffic lanes expanded from four to six or more lanes depending on the location
- reconstruction of 13 interchanges
- improvements to 16 interchanges
- 40 roundabouts
- 17 traffic cameras installed
- widening the Lake Butte des Morts Causeway to eight lanes, plus a bike/pedestrian trail with fishing access

WIS 172 Ramps

Project Construction Timeline Fall 2013 through 2016

As part of the I-41 Project, WisDOT will improve and reconstruct portions of the **WIS 172** ramps including improvements to shoulders, beam guard, signing, pavement marking and curb and gutter at the interchange. All ramp modifications are needed to properly tie into the expanded mainline **I-41** and the new collector-distributor lanes. The ramps are also being expanded for greater capacity. The improvements to the westbound **WIS 172** ramps are being made to address operational and safety concerns.

(See other side for Traffic Impacts)

TRAFFIC IMPACTS

Summer-Fall 2015 or later (weather dependent)

- 1 Northbound I-41 to westbound WIS 172 ramp will CLOSE for 14 days.
- 2 Southbound I-41 to westbound WIS 172 ramp will CLOSE for 14 days.
- 3 Eastbound WIS 172 to southbound I-41 ramp will CLOSE for two days in summer 2015.
 - Eastbound WIS 172 to southbound I-41 ramp will CLOSE again for approximately 30 days in 2016.

Summer 2016

- 4 Eastbound WIS 172 to northbound I-41 ramp will CLOSE for 10 days.
